SUPPLEMENT TO
REPORT NO.

25X1X

Construction of permanent barracks in the Kwangsi Military District was scheduled for completion before the end of 1951. Although construction began in June 1951, only about one-third has been completed at each project. This slow progress caused Kwangsi Military District authorities in mid-August to re-assign all youths who had joined the army to the military districts where permanent barracks were being constructed in order to complete the entire project before the end of the year.
